Objective

Motivated and creative first-year architecture student at Helwan University's Faculty of Fine Arts, passionate about blending architecture, design, and technology. Proficient in architectural design software (AutoCAD, Revit, SketchUp, Lumion) and currently expanding expertise in Front-End Development (HTML, CSS, JavaScript) and Graphic Design (Adobe Photoshop, Illustrator). Eager to specialize in mobile app development using React Native.

Education

- **Bachelor of Fine Arts – BFA, Architecture**
Helwan University, Cairo, Egypt (Oct 2023 – May 2028)
 - **High School Diploma**
Al-Shaheed Atef El-Sadat Public School (2022 – 2023)
-

Skills

- **Architectural Design:** AutoCAD, Revit, SketchUp, Lumion
 - **Graphic Design:** Adobe Photoshop, Illustrator, InDesign
 - **Front-end Development:** HTML, CSS, JavaScript, UI Design, Notion
 - **Video Editing:** Adobe Premiere Pro, Kinemaster
 - **Mobile App Development:** Learning React Native
 - **Office Tools:** Microsoft Office, Google Workspace, Canva
 - **Languages:** Arabic (Native), English (Fluent), Japanese (Elementary), French (Elementary)
-

Certifications

- **DEPI – Graphic Design:** Certified in core design principles (Issued May 2025)
 - **DEPI – Team Leadership:** Trained in agile project management (Issued May 2025)
 - **Interior Zone:** Participated in a 2-day webinar on interior design topics (Issued Jan 2025)

 - **Adobe Photoshop Certified:** Certified in Photoshop for graphic design (Issued Aug 2024)
 - **Zero-One Summit Public Event Participant:** Participated in a public event discussing technical programming topics (Issued Oct 2024)
-

Experience

Freelance Graphic Designer & Front-End Developer (Jun 2025 – Present)

- Designed visually appealing graphics for clients using Adobe Photoshop and Illustrator.
- Developed responsive websites using HTML, CSS, and JavaScript.
- Collaborated with clients through Google Workspace for project management.

Personal Video Editing Projects (2023 – Present)

- Edited and produced 6+ personal videos, applying techniques to enhance quality.
- Explored creative storytelling for personal and social media use.

Architectural Design Projects (2023 – Present)

- Created detailed architectural designs with AutoCAD, Revit, and SketchUp.
 - Rendered visualizations using Lumion for client presentations.
 - Participated in university projects focusing on sustainable design solutions.
-

Future Projects

- **Mobile App Development:** Planning to specialize in React Native for cross-platform applications.
 - **Learning Path:** Exploring resources to transition from web development to mobile app development.
-

Programs & Initiatives

- **Digital Egypt Pioneers Initiative (DEPI):** Participated to learn Graphic Design and develop digital skills.
 - **Digital Freelancing Placement Program (DFPP):** Joined to enhance skills in Freelancing and Front-End Development.
-

Commitment to Excellence

Always strive to deliver the best possible results in every project, paying attention to details and continuously improving skills.
